## RESPIRATORS - DUST/MIST

91.2300

91.2200

**#91.2200**  
 N95 Particulate Respirators with Dura-Mesh® Shell  
 Collapse-resistant Dura-Mesh® shell lasts longer so workers use fewer masks.  
 Flame-retardants added to shell to help decrease flammability.  
 Contoured nose-bridge seals easily without a metal noseband.  
 Certified under NIOSH 42CFR84 to have a filter efficiency level of 95% or greater against particulate aerosols free of oil.

**#91.2300**  
 N95 Particulate Respirators with Dura-Mesh® Shell and Exhalation Valve  
 For most welding applications.  
 Moldex's exclusive Dura-Mesh® shell stands up to most hot/humid conditions without collapsing.  
 Flame-retardants added to shell to help decrease flammability.  
 Exhalation valve reduces hot-air build up, making it cooler and more comfortable to wear.

Contoured nose-bridge seals easily without a metal noseband.  
 Certified under NIOSH 42CFR84 to have a filter efficiency level of 95% or greater against particulate aerosols free of oil.
